This comment entered April 2022 Doctor Sohanjeet Bassi - CHECKMATE! NPI 1609850635 Sohanjeet Singh Bassi in Claremont https://npino.com/npi/1609850635-sohanjeet-singh-bassi/http://doctor-sohanjeet-singh-bassi-md.muckeduphuman.net/ ----- My name is James Martin Driskill and I comment here as a signed-up patient of Dr. Bassi. I am beyond words nice in my real life about what has happened in the view of attempting to acquire adequate healthcare, especially in the treatment of the ongoing progression of my HIV disease that was first diagnosed in Sep 1999. As far as I can tell, the matter that has been ongoing since March of 2019 and the unjustifiable separation that occurred within another doctor/patient involvement has not yet been properly addressed by some kind of oversight authority. Literally, there is something very very strange happening that the doctors as a collective know the depth of what is actively targeting me and thus preventing a reasonable and trustworthy doctor care connection into my healthcare. The matter is unable to be brought into a discussion. Any and every attempt at such a discussion has met with the most aggressive actions being directed, even by law enforcement showing up to command me to disengage such attempts. I am going to place a series of NPI numbers here that apply to a sequence of attempts to reset my Humana primary care and then referral a specialized infectious disease control treatment plan. This also carries into attempts to acquire the same standard of care with mental health care services. All of which is an extreme failure reflecting that these

these circumstances, patients' reactions to a physician's explanation may cause the physician to react defensively. As a result, the physician may be perceived as hostile or arrogant. Most often it is this response that causes the patient to seek the advice of an attorney, because poor communication between a physician and patient can lead an already angry, dissatisfied patient to believe the care was poor even when it was entirely appropriate (5). In the arena of physician liability, the burden of "successful" patient-physician communication lies with physicians (5). That is not to say that patients do not share the burden, but society and the courts have deemed that physicians have the ultimate responsibility for initiating, clarifying, facilitating, documenting, and reinforcing discussions related to their patients' condition, treatment, and prognosis (5).]]] Doctor Bassi was extreme into supposed HIV treatment as the first primary doctor to HIV Specialize care all the way back to July of last year. Each stage of this involvement requires a certain test to be performed, since I have not been on HIV TREATMENTS NOT DUE TO MY FAULT SINCE APRIL of 2020. That is when even after my separation from my HIV Doctor in March of 2019. The doctor would not perform his fiduciary responsibility. This leads to court involvement which carries into criminal reporting on my side of background checks. There have been two doctors who have aggressively filed unjustified harassment charges against me in this inability to bring forward the truth. I am not the responsible party in this m, aligned assignments that are a file for this secret that can not be SAID and I will not compromise myself knowing that this must be fixed. I WILL DIE FIRST BEFORE I COMPROMISE to a STANDING TO SIT DOWN AND SHUT THE MUCK UP! That this is in view, already filed a United States Department Civil Rights Violation Complaints [Complaint-Report-29851-GBD : Complaint-Report-29887-BPW]. Exactly when will the seriousness of this matter be addressed effectively IMMEDIATELY! My Case Manager Cindy at Prospect Medical Group [714-796-5963] Seems to think there can be no assistance from her side, they are directing me to Humana, for which I already informed her two months ago, I am DEMANDING THIS NEED and everyone SEEMS TO THINK IT IS OK TO JUST PASS THE DEMAND I HAVE DAY TO DAY WEEK TO WEEK MONTH TO MONTH NEVER FIXING
